

## DATA ANALYST INTERN

Aspiring database management student with hands-on experience in SQL and database design. Eager to expand my skill set beyond database management and contribute to a variety of IT solutions. Seeking an internship opportunity to learn, grow, and gain practical experience in diverse areas of technology.

## Education

---

2022 - 2026

### Bachelor of Computer Science (Database Management)

Universiti Teknikal Malaysia Melaka (UTeM)

2018 - 2020

### STPM

Sekolah Menengah Kebangsaan Baling

## Skills

---

### Technical Skills:

- C, C++, HTML, CSS, JavaScript, Java, SQL, Data Structures, Database Design, Query Optimization

### Database Management Systems:

- MySQL, MariaDB, PostgreSQL, Oracle, Firebase, Google Cloud

### Software & Tools:

- Microsoft 365, GitHub, Visual Studio Code, Jupyter Notebooks, Eclipse, Android Studio, DBeaver

### Key Strengths:

- Strong problem-solving abilities
- Effective communication and collaboration
- Attention to detail and data accuracy
- Ability to adapt and learn new technologies quickly

## Project Experience

---

### PS4 Rental and Management System (Final Year Project)

- Developed a PS4 Rental and Management System using Android Studio and Java for the mobile application, with MySQL as the backend database. The system allows users to browse available PS4 units, manage rentals, track payment status, and maintain a user-friendly interface for both customers and administrators.

## Maintenance Report System with Image Based Evidence (Group Project)

- Developed a Maintenance Report System that allows users to submit and manage maintenance requests with image-based evidence. The system enables categorization of issues, assignment of urgency levels, and real-time status updates, providing a comprehensive solution for tracking and resolving maintenance tasks efficiently.

## Retail Shop Management System (Group Project)

- Developed a Retail Shop Management System using C++ and MySQL, featuring heterogeneous database integration for efficient inventory, sales, and customer management on a Windows platform.

## Work Experience

---

### Sales Assistant • Creative Home Design & Construction

Feb 2025 - Current | Malacca

- Responsible for promoting home design and construction services to potential clients, provides product information, and assists with customer inquiries. Focuses on achieving sales targets and building strong client relationships.

### Staff Member (Part-Time ) • Melaka Butterfly & Reptile Sanctuary

Dec 2024 - Current | Malacca

- Assists in daily operations, including customer service, guiding visitors, and ensuring a positive experience at the sanctuary. Maintains cleanliness and supports educational programs on wildlife conservation.

## Achievement

---

2024

- Collaborative Learning AI and Society UIB and UTeM 2024
- Facilitator for Workshop 1 programme

2023

- Facilitator for STEM@MRSM at MRSM Muar

## Languages

---

- Malay - Native
- English - Professional
- Thai - Native
