WORK EXPERIENCE

Display Production Quality Control
Sony EMCS Malaysia Sdn. Bhd.
(August 2024– October 2024)

- Conducted quality inspections on display unit speakers, checking for defects (dirty, damage, tears).
- Ensured that defective products were identified and removed from the production line to maintain high quality standards.
- Performed rework checks to ensure the serial numbers on TV units matched those on their corresponding boxes.

Intern, Information Technology Department
Johnson Controls Hitachi Air Conditioning Malaysia Sdn. Bhd.
(July 2023 – October 2023)

- Imaged laptops/desktops and installed software (BAAN, Teraterm).
- Created drawings for meeting room and server room layouts using Microsoft Visio.
- Troubleshot laptop issues (Internet Connection, BAAN login) and coordinated with DELL support.
