CAREER OBJECTIVE

To secure an internship position from 6 October 2025 to 20 March 2026 for a duration of 6 months, where I can seek and embrace new challenges and experiences in data, databases, and related fields. I am committed to achieving exceptional career growth through consistent effort and performance, while enhancing my professionalism and practical expertise in the field of information technology.

EDUCATION

Bachelor of Computer Science (Database Management) with Honours **Oct 2022 - Present**

Universiti Teknikal Malaysia Melaka (UTeM)
CGPA: 3.14

Malaysian Higher School Certificate (STPM) **Jul 2021 - Aug 2022**

Sekolah Menengah Kebangsaan Tun Habab
CGPA: 3.75

Sijil Pelajaran Malaysia (SPM) **2018 - 2019**

Sekolah Menengah Kebangsaan Tun Habab
Grade: 7A, 2B

EXPERIENCE

Freelance System Developer, Kota Tinggi **March 2025 - Present**
- Design and develop a web-based system and database for Precinct Intan Community Committee.
- Modernize and simplify financial management for efficient payment tracking, secure record-keeping, secure user authentication, role-based access control (RBAC), automated receipt generation (PDF) and detailed audit logging.

PROJECTS

Final Year Project **2025**

PHP, Java Script, HTML/CSS, MySQL, MyPHP admin, Tailwind CSS
- Develop "IntanPay Management System"
- Develop a full-stack web application featuring role-based access control and automated PDF receipt generation.

Workshop 2 **2024 - 2025**

Ubuntu (Linux), PHP, Java Script, HTML/CSS, MySQL, MyPHP admin
- Designed "FICTS Sport Equipment Booking Management System"
- Developed in a Linux environment and successfully managed cross-platform and cross-database integration.

Workshop 1 **2023 - 2024**

C++, MySQL, MyPHP admin
- Designed "Taman Daiman Residence Management System"
- Implementing and maintaining database based on client requirement.

INVOLVEMENTS

Vice President, Software Engineering Club, FTMK UTEM **2024-2025**
- Led the development and execution of programs focused on software engineering and database systems.
- Responsible for drafting official proposals, coordinating events, and collaborating with lecturers and external speakers.

Programme Secretary, Raspberry Pi Pico, UTEM **April 2025**
- Served as secretary for a program introducing the Raspberry Pi Pico microcontroller.
- Managed speaker invitations, session flow, and post-event deliverables.

Facilitator, Workshop 1 Clinic, UTEM   **December 2024**
- Provided hands-on support to students during Bengkel 1 project preparation sessions. Assisted participants with Entity Relationship Diagram (ERD) design, debugging errors in XAMPP, and coding using Visual Studio Code (VS Code). Ensured smooth progress through individual troubleshooting and technical guidance.

Programme Committee, PKA Berasaskan Sains Komputer dan Teknologi Maklumat, UTEM   **August 2024**
- Organized by the FTMK Student Association (FICTS) in collaboration with the FICTS Advisory Committee and the Parent-Teacher Association of Sekolah Menengah Sains Muzaffar Syah (MOZAC).
- Played a role with various teams in multiple programmes (emcee, activity and protocol team) to ensure the programme ran smoothly.

Programme Director, Melaka Indah Lestari-Seharian Bersama Komuniti Pantai Siring 2024   **June 2024**
- Led a state-level community engagement and innovation project under the Critical and Creative Thinking (CCT) course at UTeM, in collaboration with SWCorp, JAPERUN Serkam, and UTeM.
- Activities focused on coastal cleanliness, compost-making, and recycling awareness.
- Successfully coordinated efforts between university students, local authorities, and community members to promote sustainable practices.

Assistant Programme Director, Micro:bit Section, UTEM   **May 2024**
- Co-led a national-level sub-program under the PANCA D'FTMK Summit 2024 focused on visual block and Python based programming using Micro:bit. Engaged primary school students in interactive sessions designed to nurture creative and innovative thinking through hands-on microcontroller problem-solving.

Programme Director, Cloud Database Application in SAAS, UTEM   **November 2023**
- Directed a technical program introducing students to cloud-based database development within SaaS platforms.
- Managed speaker invitations, session flow, and post-event deliverables.
- Promoted hands-on learning for FTMK students through real-world scenarios and use cases.

Facilitator, STEM @ MRSM Muar   **June 2023**
- Engaged secondary school students in STEM activities, providing mentorship and guidance in programming, robotics, and problem-solving tasks.

SKILLS & COMPETENCIES

Languages:
- Native Malay Speaker
- Professional Working English

Programming Languages:
- Intermediate in PHP
- Intermediate in Java Script
- Intermediate in C/C++
- Intermediate in SQL
- Intermediate in HTML/CSS
- Beginner in Python

Developer Tools:
- Advanced in Visual Studio
- Advanced in Eclipse

AI Tools:
- Github Copilot, ChatGPT, Gemini, DeepSeek & Suno AI

Other Tools:
- Advanced in Microsoft Office
- Advanced in MYSQL
- Advanced in Canva
- Intermediate in Adobe Photoshop & Illustrator
- Intermediate in Oracle Database
- Intermediate in Microsoft Azure

Others Relevant Skills:
- Graphic Designing
- Photography & Videography
